

Belgium/ Netherlands– Southeast Europe v.v.

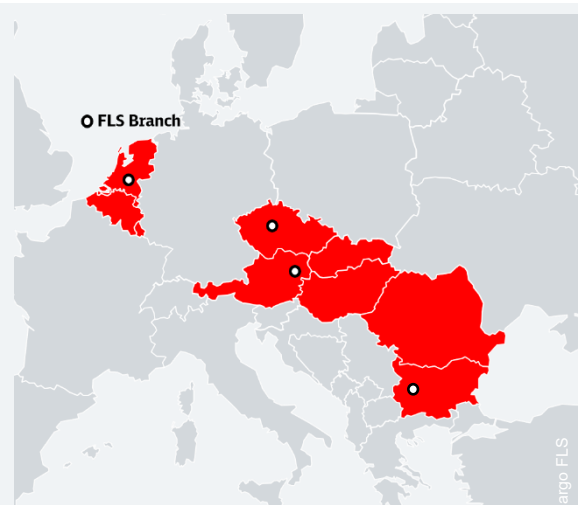

On the road in one of Europe's largest logistics networks

We connect Belgium and the Netherlands with South-East Europe quickly and reliably in our logistics network

- **Daily departures**
- Transit time A-C/D
- We use **standard & MEGA tautliners** (HxWxL: 2.70/3.0 x 2.46 x 13.60m)
- Payload up to **24 t**
- Flexible production concept
- Fast and reliable thanks to cooperation with certified partners in our network
- Reliable and predictable cargo space availability
- Many years of market experience and comprehensive expertise in overland transport
- Our **local contacts** will advise you in your native language
